9) The road at in question appears to be within the Bangalore city municipal limits and hence the municipality has not taken the initiative it may not perhaps agree to meet the cost of the proposed road. The chief engineer proposes to treat this work as one of miscellaneous public improvements and to provide Rs 1000 every year. The amount has perhaps to be met out of the provision of under "30, Grants for public improvements, which is meant for town and minor municipalities except cities, Bangalore, the grant is being administered by the Bureau of Survey Engineering and the Director of Health may, if approved be consulted in the matter

This part is not free from doubt. A sketch of the road proposed has not been sent

The work is an item of public improvement & the entire cost of which it is hardly fair to put on the Garden Deptt merely on the ground of the road passing thro Lalbagh. In any case there is no means of meeting this expr from the Gardens grant & it is a matter of sanctioning an additl grant. It may as well be done under 30 Grant for Public Improvements otherwise the cost has to go to the PWD Budget

Sir,

I have the honor to forward herewith an estimate amounting to Rs 3,850/- for opening a road connecting the Salem - Bellary road (Hosur side) beyond the Lal-Bagh limits with Basavangudi Easternmost road through the villages of Kankanpalya and Siddapur At present there is a road connecting these villages through the Lal-bagh grounds A number of carts passing every day with stones and slabs quarried within the limits of the two villages and they cut up the Lal-bagh grounds It is considered desirable to give a separate connection outside the Lal-bagh limits so that this portion of the Lal-bagh grounds through which the present cart track passes may be improved The new road serves this purpose

2 As the road is of the character of Miscellaneous Public Improvements, I request that the estimate may be sanctioned under that head and a sum of Rs 1,000/- provided in the budget every year until the work is closed
